FEEL THE POWER
**IT'S AN
ADVENTURE
ON ITS OWN**

POWER

REIGNS HERE

The Revo Rocco is way more than just a car. It is about you and your power move. It is about unleashing your freedom and asserting your command. It is about challenging and recharging yourself. It is about your determination to make the move that you have always dreamed of. Now, it is time to get on that road and show the world what you have got. The powerhouse Revo Rocco is designed with the best-in-class exterior including new front grille and sports bar, back tail garnish, and rear LED combination lamps.

NEW PREMIUM BLACK FRONT GRILLE

NEW FOG LAMP COVER DESIGN

NEW FRONT SKID PLATE

NEW SPORTS BAR

POWER

RUNS DEEP

The new Revo Rocco brings the best experience for you. The powerful look of this new off-roader has been designed to let you unleash your incredible power move. The front of the new Hilux Revo Rocco has been designed to depict power with a new trapezoidal front grille, giving it a jagged and commanding look and feel with prominent new 18" alloy rims, new smart LED headlamps, and over fender. Rocco's every part is built for you to make your power move.

DAY TIME RUNNING LAMPS

NEW SMART LED HEADLAMPS DESIGN

NEW TAILGATE HANDLE GARNISH

NEW OVER FENDER MOLDING

NEW REAR PAINTED BUMPER

**ACQUIRE
THE WORLD**

POWER ON

DEMAND

The powerful engine of the Revo Rocco is the definition of dynamic force. At its heart lies an engine that delivers more efficient performance than ever before. The major focus has been placed on the Fuel System, Output, and Torque so one can spend more time in making that power move than worrying about the fuel.

**NEW GENERATION 2.8L
1GD-FTV ENGINE**

**MAX OUTPUT 150KW
@ 3000-3400 RPM**

**MAX TORQUE 500NM
@1600-2800 RPM**

4X4

POWERHOUSE

The Revo Rocco comes loaded with a host of off-road features that augment the driving experience and provide the driver unprecedented control across all terrains.

The double-wishbone/leaf rigid suspension is meticulously tuned to let you experience the power of the off-roading with confidence, along with a relaxed on-road ride.

ACTIVE TRACTION CONTROL

DOWNHILL ASSIST CONTROL

HILL START ASSIST CONTROL

REAR DIFFERENTIAL LOCK

4WD DRIVETRAIN

TRAILER SWAY CONTROL

LIMITED SLIP DIFFERENTIAL

ADVANCED TRACTION

CONTROL

Toyota's stepped traction strategy allows the driver to go wherever the journey takes them with confidence. With the addition of a Limited Slip Differential, the Revo Rocco is now equipped with 5 levels of traction capability, as below:

1. Traction Control (TRC) is the first step - this helps get you going even in 2WD. TRC will cut engine power and apply selective braking if needed.
2. If more capability is needed in 2WD mode, the driver can press the TRC OFF switch to engage AUTO LSD on the rear drive wheels. AUTO LSD does not limit engine output. It enhances start-off performance by applying drive torque to the wheel or wheels that have the best traction.
3. If additional traction is required, the driver can engage 4WD HIGH. A-TRC automatically operates from this point if the VSC system judges it necessary. A-TRC monitors the wheel speed sensors and yaw rate and deceleration sensors to identify wheel slip during acceleration, then adjusts the throttle to reduce engine power and increases brake pressure to each individual wheel to slow the wheel and restore traction.
4. For even more traction, the driver can engage 4WD LO with A-TRC. In the 4WD LO range, priority is given to engine power and rapid braking.
5. If the above is not sufficient, the Revo also comes with Rear Differential Lock* that is effective while driving in off-road conditions when one of the rear wheels is not gaining sufficient traction.

*Refer to the owner's manual for correct operation of the Rear Differential Lock.

**POWER
UNFOLD**

POWER

OF CRUISING

When you are making that power move on the roads, the smart design of a technologically packed vehicle makes all the impact. The Revo Rocco has the perfect features for your travel memories. It is built with top-of-the-line smart technology that will make your rides smooth and enjoyable. With the available cruise control button, you can simply control your ride the way you want, whenever needed. The perfect steering has been enhanced with Variable Flow Control (VFC) that can be easily adjusted to suit your needs and give you the power to make your next move with ease.

NEW DUAL ZONE

AC CONTROL

When it comes to the smart technology and features of Revo Rocco, the dual-zone AC control is definitely at the top of the list. It is strategically vented to deliver effective and comfortable temperature change. Dual-Zone AC control feature gives the driver and passengers the control to set the temperature according to their own needs, providing an unprecedented level of comfort and convenience.

EXPERIENCE
POWER WITH
COMFORT

COMFORT

& CONVENIENCE

Considering the need for modern accessibility and comfort while driving, the Revo Rocco has been designed to give you the best. When you make that power move, a smart design makes all the difference. Built with technology and features to help you cruise smarter and fly harder, the new Revo Rocco is your only move. New front and rear parking sensors, including illuminated driver controls and 8-way power driver's seats make every journey a comfortable one. The separate headrest will give you a relaxed off-and-on-boarding experience, while the rear armrest provides ample space for storing cups when you are cruising.

NEW PARKING SENSOR

FRONT AND REAR

The new Revo Rocco is also at the top of its game when it comes to guiding the driver to make parking easy. The addition of parking sensors with the on/off switch measures proximity, either in front or rear. The new feature makes the driver's life easy by giving them an alert if they get too close. This updated addition gives the driver a comfort of parking without worrying about accidental bumps and scratches.

**YOUR SAFETY
IS OUR PRIORITY**

REVO

REVO

SAFETY

PROTOCOLS

The Revo Rocco is rugged but at the same time, it is safe and secure. The body-on-frame, impact-absorbing structure also has a refined suspension that reflects the car's stability and reliability. SRS airbags and seat belt reminder indicators add up to the driver's and passenger's security.

TOYOTA SURE - YOUR ONE WINDOW SOLUTION

EVERY TOYOTA IS A SYMBOL OF OUR PROMISE FOR QUALITY

At Toyota, our customers always come first and their safety is our top priority, which is why when our loyal customers choose to own a Toyota, we make sure that they find trust and peace of mind that they deserve. From a 3 years or 100,000 km mileage warranty to unparalleled quality, from durability and reliability (Q.D.R) to maintenance and grooming, Toyota ensures an unmatched level of safety with body reinforcements. We provide ISOFIX child seat anchors and an Immobilizer to ensure every journey with Toyota is secure and satisfying. It is this level of dedication and attention to detail that has made us Pakistan's most loved, reliable and trusted vehicle brand.

VALUE ADDED SERVICES

Extend your warranty
to up to 5 years

Lock in your maintenance
contract and stay worry-free

Avail comprehensive
insurance plan for a greater
peace of mind
